Additional Lyrics:

Verse 2:

I can't believe how you slurred at me
 With your half wired broken jaw
 You popped my heart seams
 On my bubble dreams, bubble dreams.
 I can't believe how you looked at me
 With your Johnnie Walker eyes
 He's gonna get you and after he's through
 There's gonna be no love left to ride.

Bridge:

And I know that it's complicated
 But I'm a loser in love, so ba-by
 Raise a glass to mend all the broken hearts
 Of all my wrecked up friends
 (To Chorus:)
